Pub Talk - What *REALLY* happened?

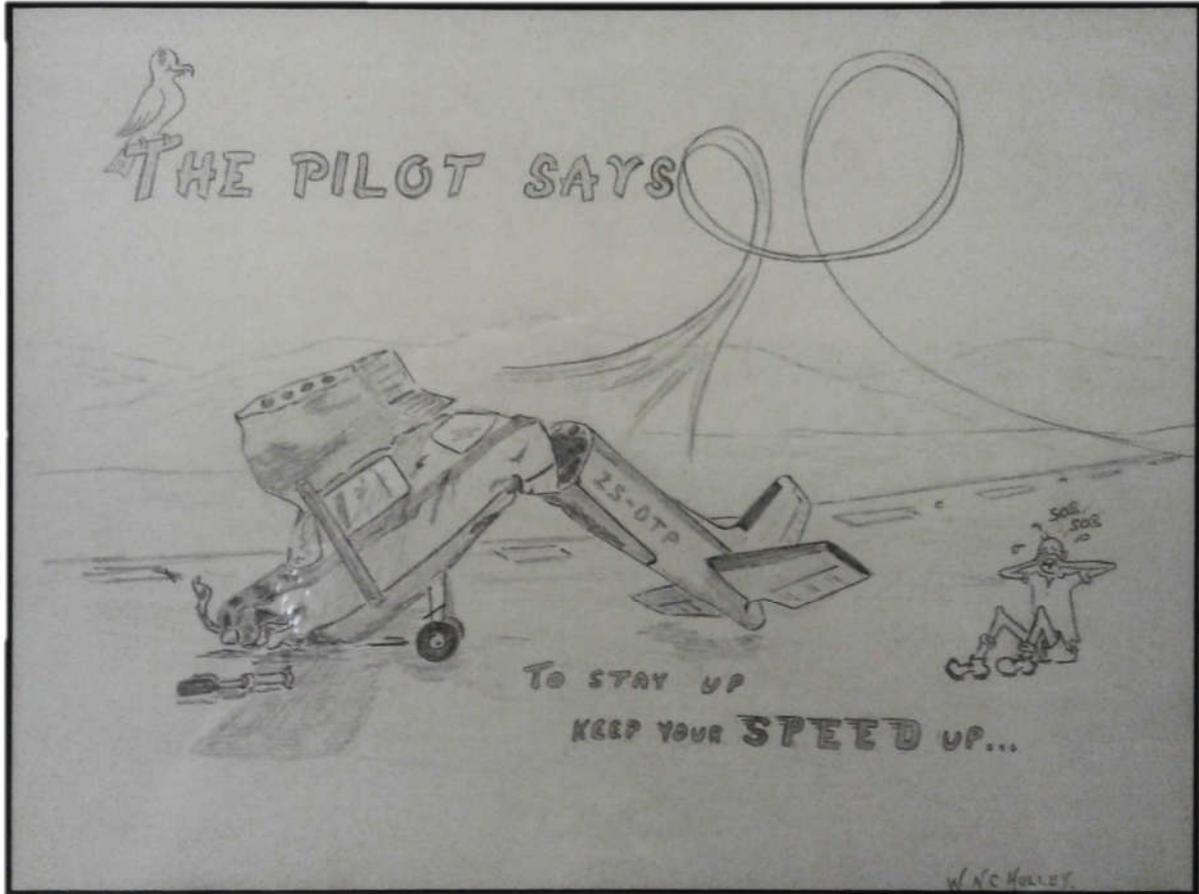

Source: John Campbell

You may have noticed six pencil drawings by WNC Hulley in the Aero Club Pub...

Well, they are not made up. Each of these drawings depicts an actual event that happened at the Pietermaritzburg Aero Club! This is what I have been able to piece together about what happened:

ZS-DTP's broken back...

In order to protect the guilty, we won't name names, (truth is I don't know who it was, only that it took place in 1965).

ZS-DTP, which was the Pmb Aero Club's first omni-vision C150, (ie. it had a back window), was effectively removed from action by a brand new PPL student!

It was his *very first flight* as a PPL, and he decided to demonstrate a shortfield take-off off Runway 16 to his very first passenger. The flight was remarkably short as he stalled the aircraft shortly after take-off and dumped it on the runway, breaking it's back in the process. Our errant PPL, having learnt a great deal about the importance of airspeed in maintaining flight, went on to have a career as a Corporate Jet Pilot.

The omni-vision C150 was introduced by Cessna in 1964. Before this model, C150's had no back window and their tail-fins did not slope, but were vertical. ZS-DTP also had a kiddies bench seat in the back.

See next month's Telstar for the next story!

Upcoming Events

100's CLUB & Airfield Access Compliance

100's Club !!!

Whazzat you say??? Whazza 100's Club?? GREAT question! We meet, we each put a hundred bucks in the POT to take part.... And at the end of the evening there is a DRAW and the WINNER walks away with a minimum of R1000 or full "Pot" amount!!

You gotta be IN it to WIN it! And if you are not present at the draw, you MISS OUT!! (and it will roll over to the following month with an accumulated "Pot")

Get a new number each month or pick one and stick to it, the choice is *yours*.

FIRST 100 Club DRAW will be at the Pmb Aero Club on Friday 9 March at 8pm.

DON'T BE  SEE YOU THERE !

SAME DAY the Professional Aviation Service guys

will be coming ALL THE WAY from Joies to tell us all about Airfield do's and don'ts from the ICAO perspective, so we can get a better insight into it and what's behind it all.

When: **Friday 9 March 2018**

Where: **Pmb Aero Club**

Time: **6pm**

Live Music at the Pmb Aero Club

There is nothing quite like sipping your favourite drink, drink in the company of friends, at a comfortable venue, while listening to great music.

Don't miss out on the opportunity to enjoy an evening harmonised with the *sultry sonorous tones* of Bianca Santoro, who will be singing **LIVE** at the:

Where: **Pietermaritzburg Aero Club**

When: **Friday 16 March 2018**

Time: from **18h30 !**

9-11 MARCH 2018 - MIDDELBURG AIRFIELD

AEROCLUB AIRWEEK

Aviation For the Aviation Enthusiast

Our members have expressed a desire to be amongst all the different types of aircraft coming to Airweek.

Be able to engage with pilots and aviators about anything that may catch their eye and have discussions with experts on hand at the field.

If you've ever wanted to find out more about, for example Hot Air Balloons or Self-Sustaining Gliders, this is your opportunity to get up close and personal with knowledgeable experts

Airweek is designed to be just that - An Aviation showcase for Aviators by Aviators!

Camping on the field is encouraged, Friday to Sunday. A miniature South African Oshkosh. (Lots of Fun) Braai packs for sale, fires will be available Friday and Saturday evening. Beer tent available.

Sale of Aviation related goods. Please bring stuff along. Find aircraft parts at our Boot sale.

Meet old friends and make plenty of new ones. Don't miss this one, a fun event for passionate Aviators.

Lots of Showcase events, FUN rally, Spot landing competitions. All in an informal environment

Middelburg Aero Club has been selected to host the 2018 Aero Club Airweek.

Date: 9-11 March 2018 (0600-1800)

Place: Middelburg Air field (FAMB)

Be part of an attempt to make this the biggest SA Fly-In ever!!

New Members

A warm welcome to Ashley Heron, Timira Dayanand, Frans Gerber and Jaydon van Rensberg who have all joined us to do their PPLs.

Aircraft news...

ZS-KNI

KNI is ready to fly... except that we are waiting for paperwork from the CAA. When the paperwork will be completed is out of our hands. For now, it is simply *HURRY UP AND WAIT...*

ZU-WES

WES is back in the game!!! Turns out electronics are rather particular as to their housing requirements, including insulation and corrosion avoidance. This having been masterfully sorted out by PACAIR with a little help from James Brodie, ZU-WES is once again sipping MOGAS with his hundred horsepower pounding up in the sky!

Left to right: Steve Svendsen, Dave McCormac, James Bentley and Wayne Bond outside PACAIR contemplating WES 's electrics.
